Important Term 4 Dates
Classes conclude 12th December 2025

Dear Students,

It's hard to believe we've already reached the final term of the year! 2025 has been another incredible year of growth, learning, and achievement across all areas of the Academy and I couldn't be prouder of each and every one of you.

A huge congratulations to all of our students who completed their studies with us last term from our EVET students finishing their school-based programs, to our apprentices achieving new milestones, and our short course students who have gained new skills and confidence in their chosen fields. Watching your progress and seeing your hard work payoff is truly inspiring.

A special congratulations also goes out to those students who have already secured positions within the industry, what a fantastic achievement! We're so proud to see you taking the next step in your careers.

For those still seeking opportunities, please don't hesitate to reach out to me directly, I'm more than happy to help in any way I can, whether it's with guidance, networking, or connecting you with potential employers.

Good luck to our EVET students who have now graduated and are currently sitting their HSC exams. We are all cheering you on and wish you the very best as you close this exciting chapter and prepare for the next.

SCA Graduation – Monday , 15th December 2025

We're so excited to celebrate the achievements of our students at this year's Graduation Ceremony! Administration has now sent out all the details for you to RSVP, including confirming your attendance and letting us know if you'll be bringing any guests.

This event is free for all students, as my personal way of saying thank you for choosing South Coast Academy as your place of study.

It's one of my favourite events of the year a time to reflect, celebrate, and recognise the dedication, passion, and hard work of our amazing students.

Term 4 will be a busy and rewarding one, filled with assessments, practical clinics, and hands-on opportunities to showcase your skills. Remember to bring your laptops, kits, be prepared for class, and make the most of the time you have with your educators. You're almost there, keep going strong!

We'll also be announcing some exciting new courses and opportunities for 2026 soon, so keep an eye on your emails and our social media pages for updates.

Thank you for being part of the SCA community. Whether you're finishing your studies, continuing into next year, or getting ready to walk the stage at graduation, I'm so proud of everything you've achieved.
